UNITY – With his brother by his side, Anthony MacConnell recalled his father's dedication to his family, his community and his ideals – and his wish to see Sullivan County improve the quality of service for its Alzheimer's patients. On Friday, more than 150 guests gathered outside the new Alzheimer's wing at the Sullivan County Nursing Home to honor MacConnell, for whom the addition was named. MacConnell died in the midst of his sixth year as a county commissioner.
