

1 Width required under RSA 227-J:9 (basal area law).
 2 Portion directly adjacent to the water body in which no cutting is recommended.
 3 A 50-foot, no-harvest zone is recommended for 3rd order streams.
 4 RMZ width on 3rd and 4th order and larger streams and rivers may expand to encompass known wildlife travel corridors, drinking water supply considerations, and the full extent of the 100-year floodplain.
 Wetlands have variable width RMZ depending on site and slope.
